[Introducing Comparative Politics: Concepts and Cases in ...](#)

"Introducing Comparative Politics is the perfect text for introducing college students to the language and methods of comparative politics. The country specific case studies are the perfect length for illustrating the concepts and themes, and rather than overwhelm students with extensive histories of countries political development, the cases provide rich and relevant vignettes about foreign people and places in ways that are meaningful and inspiring to students of all levels. The

[Introducing Comparative Politics: Concepts and Cases in ...](#)

Introducing Comparative Politics integrates a set of extended case studies of 11 core countries into the narrative. Serving as touchstones, the cases are set in chapters where they make the most sense topically not separated from theory or in a separate volume and vividly illustrate issues in cross-national context. The book's hybrid organization allows you to teach the way you want
