Bruice, Organic Chemistry | Pearson

Description: All of Paula Bruice's extensive revisions to the Seventh Edition of Organic Chemistry follow a central guiding principle: support what modern students need in order to understand and retain what they learn in organic chemistry for successful futures in industry, research, and medicine.

Organic Chemistry by Paula Yurkanis Bruice

The chapters on organic chemistry are very well written. Unfortunately the biochemistry chapters toward the end are much more difficult to follow, and lack explanation at a lot of points.
