Scientist in the Crib

As a children's house, Scientist in the Crib prides itself as a nurturing, flexible and loving environment designed specifically for our children's growing needs. As an extension of home for many children and their families, we want our scientists to feel safe, comfortable and ready to discover and challenge the world around them.

The Scientist in the Crib is a triumph, a clear-headed account of the kinds of things that go on in the heads of young children.[This book] speaks in the voice of intelligent parents talking to other intelligent parents-- witty, rather personal, and very well informed. (T. Berry Brazelton, MD, Harvard Medical School)

[Alison Gopnik The Scientist in the Crib](#)

The Scientist in the Crib displays the richness of the young child's explorations, overthrowing preconceptions with solid evidence, lucid explanations and sparkling wit.

Thought-provoking and informative, it is, above all, a delightful book.

[Amazon.ca:Customer reviews: The Scientist in the Crib ...](#)

The scientist in the crib helps us understand in a new way, not only young babies, but ourselves, who are still trying to understand how the world operates. It helps me enjoy my grandchildren's daily explorations with greater appreciation of their "seriousness." Very well written and humorous as well.
