A classic expos in company with An Inconvenient Truth and Silent Spring, The Story of Stuff expands on the celebrated documentary exploring the threat of overconsumption on the environment, economy, and our health.

Annie Leonard's The Story of Stuff review and analysis I think The Story of Stuff didn't address this aspect because it would draw attention away from the point about hidden costs. I'm not saying I like how everything we buy is the stereotypical 'Made in China', but I certainly think it affects this portion of Annie Leonard's statement.
